Wednesdays in January, 1:30-3:00

With Naturalist Meghan Lockwood

Children ages 5-8 are invited to visit the ENC for weekly workshops

Mouse

Rooster

Pelican

Rabbit

Squirrel

Animals come in so many different types, shapes and sizes. Hop, slither, flutter and crawl on over to the ENC's natural learning environment to explore and discover many different animal families.

We'll see magnificent mammals, beautiful birds, radical reptiles, amazing amphibians and astonishing arthropods. Through games, hands-on activities and live-animal friends, we'll learn facts, dispel myths and gain more respect for the creatures that share our planet.

Parents remain with students at all times (unless arrangements have been made with the instructor). This workshop will be limited to 15 students. Fee: \$40/child for the 4-week session. For questions, call Meghan at 949-645-8489 ext. 105, or email meghan@encenter.org.
